

tensorflow::serving  
::Servable

```
graph BT; A["tensorflow::serving::TfrtSavedModelServable"] --> B["tensorflow::serving::Servable"]
```

The diagram illustrates an inheritance relationship between two C++ classes. At the bottom is a gray rectangular box containing the text 'tensorflow::serving::TfrtSavedModelServable'. A blue arrow points vertically upwards from the top center of this box to the bottom center of a white rectangular box above it. The white box contains the text 'tensorflow::serving::Servable'. This visualizes that 'TfrtSavedModelServable' inherits from 'Servable'.

tensorflow::serving  
::TfrtSavedModelServable
